## PROFESSIONAL SUMMARY

A versatile Computer Science student specializing in full-stack development, with hands-on experience building, testing, and deploying complete web applications. Proficient in creating seamless user interfaces with React.js and engineering robust server-side logic with Node.js and Python. Seeking a challenging full-stack internship to contribute to all phases of the development lifecycle and build innovative, high-quality software.

## TECHNICAL SKILLS

**Languages:** JavaScript, Python, Java

**Frontend:** React.js, HTML5, CSS3, Tailwind CSS, JavaScript (ES6+)

**Backend:** Node.js, Express.js, RESTful APIs, WebSockets

**Databases:** MongoDB, Supabase

**Cloud & DevOps:** AWS (EC2, S3), Render, Netlify, Application Hosting

**Tools:** Git, JWT, NPM, Clerk Auth

**Networking:** Fundamentals (TCP/IP), CCNA

**Additional Skills:** AI/ML (LangChain, LLM Integration, GPT APIs)

## PROJECTS

### Real-Time Chat Application

- Engineered a full-stack chat application with a scalable Node.js backend and an interactive, real-time frontend using React.js.
- Implemented a WebSocket API for persistent, low-latency, bi-directional communication between the client and server.
- Deployed the application on Render, ensuring reliable hosting and smooth integration between frontend and backend services.

**Tech Stack:** Node.js, Express.js, MongoDB, WebSockets, Render, React.js, Tailwind CSS

### Job & Internship Portal

- Developed a full-stack job portal enabling students to search and apply for jobs, supported by a Node.js and Express.js backend.
- Built a secure recruiter dashboard for posting and managing job listings with user authentication handled by Clerk.
- Designed a fully responsive user interface with React & Tailwind CSS and deployed the frontend on Netlify.

**Tech Stack:** React.js, Node.js, Express.js, Supabase, Netlify, Tailwind CSS

## EDUCATION

### Bachelor of Technology, Computer Science & Engineering

Expected 2026

Baderia Global Institute of Engineering and Management, Jabalpur

- CGPA:** 6.94
- Relevant Coursework:** Data Structures & Algorithms, OOP, DBMS, Software Engineering, Python, CCNA
